- 1. QUESTION:** On page 2 of 3 of the Bid Form it requests pricing for 75 (physical phones) / 50 users (soft phones). Our question is, would a soft phone user also be one of users of a physical phone? In other words, someone who has a physical phone in one of the branches also has the ability to use a soft phone when out of the office. Or are they separate / additional users?

ANSWER: The Library is looking for 125 total users; (75) with physical phones and soft phone access, (50) soft phone users that will not have a designated phone at one of the sites.
